SEC. 2-5-1 STATEMENT OF PURPOSE.

(a) The proper operation of democratic government requires that public officials and employees be independent, impartial, and responsible to the people; that government decisions and policy be made in proper channels of the governmental structure; that public office not be used for personal gain; and that the public have confidence in the integrity of its government. In recognition of these goals, there is hereby established in this Chapter a Code of Ethics for all City of Plymouth officials and employees whether elected or appointed, paid or unpaid, including members of boards, committees, and commissions of the City as well as any individuals who are candidates for elective office as soon as such individuals file nomination papers with the City.

(b) The purpose of this Ethics Code is to establish guidelines for ethical standards of conduct for all such officials and employees by setting forth those acts or actions that are incompatible with the best interests of the City of Plymouth and by directing disclosure by such officials and employees of private financial or other interests in matters affecting the City. The Common Council believes that a Code of Ethics for the guidance of elected and appointed officials and employees will help them avoid conflicts between their personal interests and their public responsibilities, will improve standards of public service, and will promote and strengthen the faith and confidence of the citizens of this City in their elected and appointed officials and employees. The Common Council hereby reaffirms that each elected and appointed City official and employee holds his or her position as a public trust, and any intentional effort to realize substantial personal gain through official conduct is a violation of that trust. The provisions and purpose of this Ethics Code and such rules and regulations as may be established are hereby declared to be in the best interests of the City of Plymouth.

(2) An official or employee is not to accept hospitality if, after consideration of the surrounding circumstances, it could reasonably be concluded that such hospitality would not be extended were it not for the fact that the guest, or a member of the guest's immediate family, was a City official or employee. Participation in celebrations, grand openings, open houses, informational meetings, and similar events are excluded from this prohibition. This paragraph further shall not be construed to prevent candidates for elective office from accepting hospitality from citizens for the purpose of supporting the candidate's campaign.

(3) Gifts received by an official or employee or his immediate family under unusual circumstances shall be referred to the Common Council within ten (10) days of receipt for recommended disposition. It is required that either the current employee or the relative seeking employment will make the personal interest relationship known to the hiring authority (department head, City board or commission, or Common Council) before a decision is made. In every case, the decision to hire an immediate family member or former spouse will be subject to Common Council approval, with notice, before the new employee is permitted to begin work. Marriage between two (2) individuals already employed by the City or their relatives will not be considered a violation of this policy.

(a) Notwithstanding any other provision of law to the contrary, when emergency conditions exist or are likely to exist, an emergency may be declared within the city whenever conditions arise because of a heavy snowstorm, blizzard, flood, riot or other civil commotion and including conditions, without limitation because of enumeration, which impair transportation, food or fuel supplies, medical care, fire, health or police protection or other vital facilities of the city.

(b) If, because of the emergency conditions, the council is unable to meet with promptness, the mayor or president of the council shall exercise by proclamation all of the powers conferred upon the council which within the discretion of the officer appear necessary and expedient. The proclamation shall be subject to ratification, alteration, modification or repeal by the council as soon as the council can meet, but the subsequent action taken by the council shall not affect the prior validity of the proclamation.

Stat. § 166.23(3).

SEC. 2-7-7 REMOVAL OF VEHICLE.

(a) Whenever any traffic officer finds a vehicle standing upon a street or alley in violation of this section, he is authorized to move, or cause to be moved, such vehicle or to require the operator in charge thereof to move such vehicle to a position where parking is not prohibited or to either private or public parking or storage premises. The removal may be performed by, or under the direction of, the traffic officer or may be contracted for by the police department.

(b) When the removal is performed by or under the direction of a traffic officer and not by a towing company contracted by the police department, the charges for removal under this section shall be the actual towing fee, plus administrative costs of \$25.00, and storage costs shall be charged at the rate of \$15.00 per day. The charges for removal and storage shall be paid to the chief of police or his duly authorized representative, and the vehicle may be released from storage upon presentation of an authorization from the chief of police or his duly authorized representative and the execution and delivery of a properly signed receipt by the owner of the vehicle. The owner of the vehicle is entitled to an informal hearing before the chief of police or his duly authorized representative concerning the amount of accrued towing and storage charges. A notice informing the owner of the location of the vehicle, the procedure for reclaiming the vehicle and the availability of an informal hearing before the chief of police or his duly authorized representative shall be mailed to the last-known address within 24 hours after removal.

(c) When the removal is performed by a towing company contracted by the police department, the operator or owner of the vehicle removed shall pay to the contractor the charges for moving or towing and any storage as provided in the contract; notwithstanding the provisions of the contract, no operator or owner shall be required to pay any sum for moving, towing, or storage that is unreasonable under the circumstances.

(d) A person wishing his vehicle to be released must provide proper identification and a receipt showing all outstanding parking citations are paid in full, including the citation for which the towing occurred as well as any towing, storage or administration fee assessed pursuant to subsections (b) and (c) above. Whenever all such charges are paid, the vehicle shall be released to its owner. If a citation upon which removal and storage is authorized is released by the chief of police or his duly authorized representative or dismissed by the court because the citation was improperly issued, the chief of police or his duly authorized representative shall release the vehicle without payment of charges for removal and storage and shall refund any charges for removal and storage of such vehicle which shall have previously been paid.

(e) A person who has custody of a vehicle removed or stored under this section or otherwise at the request of a law enforcement officer shall release the personal property within the vehicle to the owner of the vehicle during regular office hours upon presentation by the owner of proper identification. No charge may be assessed against the owner for the removal or release of the personal property.

(f) If the owner removes the personal property from a motor vehicle under this section, the vehicle shall be deemed abandoned unless the person enters into a written agreement, acceptable to all parties, to pay the full charges for towing and storage. The owner shall be informed of this subsection by the person who has custody of the vehicle before the property is released.

(g) Any vehicle removed pursuant to this section and not released to the owner or operator within 48 hours of the notice provided for in (b) above shall be deemed an abandoned vehicle and may disposed of as provided by Sec. 10-5-4.

(1) The forfeiture for violation of the sections of this article pertaining to the parking restrictions set forth in subsection 2-7-4(b) shall be \$50.00. No court costs or witness fees shall be assessed unless the violator desires to appear at a court hearing on such violation.

(2) In addition to the penalties provided in subsection (a)(1) of this section, all vehicles parked in violation of subsection 2-7-4(b) will be subject to being removed and disposed of pursuant to section 2-7-7 above. A towing fee representing the actual cost of towing and an administration fee of \$25.00 will be assessed against each vehicle towed. A person wishing his vehicle to be released must provide proper identification and a receipt showing all outstanding parking citations are paid in full, including the snow emergency citation for which the towing occurred as well as all towing fees and administration fees assessed.

(b) Other offenses. Any person who shall violate any conditions or restrictions imposed pursuant to this article, other than a violation of the parking restrictions in subsection (a) of this section, may be penalized not to exceed a forfeiture of \$100.00, or, in default of payment thereof, not to exceed one month imprisonment for each separate offense.
